TC

Sir:

Preliminary to first official action in the above application, please amend the application by replacing the presently pending claims with the attached replacement claim sheets

Remarks

Applicant submits a new claim set, substantially similar to the previously filed claim set. However the claims previously filed were not numbered in accordance with the office requirements. The present set is believed to be in compliance with the office formal requirements and applicant respectfully requests that the application be so examined. Applicant also corrected several minor grammatical errors, and claim dependencies as needed.
